

Environmental Policy

AJJS Auditors Pty Ltd are conscious of our social responsibilities with regards to helping the environment through our working practices. Our objective is not only to sustain our environment for our descendants but also to rehabilitate the damage previously done. We believe that our corporate responsibility goes beyond our proprietary borders and therefore every effort will be made to conserve resources throughout our operations.

AJJS Auditors Pty Ltd not only meet existing environmental laws and regulation, will endeavour to go beyond the status quo and see techniques and approaches that position us ahead of our competition.

Growth of our company depends on our abilities to minimise or eliminate our impacts on our surroundings. Our ultimate success depends on the environment of Australia, without a beautiful country, our customers will cease to exist. Our company's future and the future of our environment are interconnected.

Following are our specific ideals:

Awareness and Commitment

Our policy towards the environment will be readily available and promoted to our clients. We will endeavour to ensure staff and guests are familiar with and implement our environmental commitment and objectives.

Practical Implementation:

- ✓ AJJS Auditors Pty Ltd environmental policy will be available to be viewed throughout the office environment

Transport

AJJS Auditors Pty Ltd will endeavour to reduce the impact on the environment wherever possible with respect to transport.

Practical Implementation

- ✓ AJJS Auditors Pty Ltd will avoid unnecessary travel, possible use energy efficient vehicles and driving styles.
- ✓ Encourage the use of public transport, cycle or foot.
- ✓ When possible, carpooling will be implemented.

Energy & Water Consumption

AJJS Auditors Pty Ltd accepts a share of Australian Government commitment to a reduction in carbon dioxide emissions both by attaining greater efficiency in total energy consumption and by continuing to examine the possibility of acquiring electricity from 'green' sources when finances permit, either through the purchase of 'green' electricity, or through an increased use of solar water heating, combined heat and power plants (CHP), or photo-voltaic.

Practical Implementation:

- ✓ AJJS Auditors Pty Ltd will make every effort to use water efficiently and avoid pollutants entering the drainage system.
- ✓ AJJS Auditors Pty Ltd will use energy efficient products wherever practical, and monitor usage to achieve minimum energy consumption.

Waste Generation and Management

AJJS Auditors Pty Ltd will try to minimize the production of waste and pollution, including unnecessary packaging. AJJS Auditors Pty Ltd will implement measures to reduce the volume of waste generated and to increase the proportion of that waste which is recycled.

Materials and Resources

AJJS Auditors Pty Ltd will try to minimize environmental impact regarding sourcing materials and resources.

Practical Implementation:

- ✓ AJJS Auditors Pty Ltd will avoid using materials which have an undesirable effect on the environment, and wherever possible use locally made recycled goods.
- ✓ AJJS Auditors Pty Ltd will try to use contractors who also share a commitment to the environment.
- ✓ AJJS Auditors will maximize use of electronic communication and information storage as an alternative to paper.

Natural Environment

AJJS Auditors Pty Ltd will help to protect and enhance natural habitats and wildlife, take appropriate opportunities to enhance them and be sensitive to landscape issues. Look to minimize impact on local wildlife, and to look for opportunities to work with the local community in caring for the local environment. AJJS Auditors Pty Ltd will endeavour to be aware of local planning developments and take appropriate action where these are potentially damaging to the environment.

Thank you for helping us to help the environment.

This policy was adopted by AJJS Auditors Pty Ltd on 1st August 2020

Company Officer
